Just zip it

Zip-It Socks are one of the coolest things to happen to socks since ... well ... the invention of socks. Instead of wondering what to do with your keys or loose change while you're in the gym, you now have a convenient place to store them — in your socks! And with the handy zipper pocket, you never have to worry about them falling out. And for the fashion-conscious keeping up with the trends, they have Zip-It wristbands, too. www.zipit-sox.com
